BE READY TO JOIN US IN THIS LIFETIME EXPERIENCE

'Alist

At Sea Exclusive Experience

Are you ready to join us for an exclusive **AList Magazine Cruise** on the Mediterranean Sea? 'Cause if you are, here we go for 8 days of exploring ourselves.

From inside out, with prestigious therapists, coaches, entertainers, and special guests. It's time to take a break and celebrate, having a good time with your best friend or by yourself, discovering your inner self and create new connections that could lead you to new perspectives. Visiting in style wonderful cities from Spain, Italy and France, developing yourself and partying with the AList Team, is our autumn proposal.

Are You In?

Some of the AList At Sea Exclusive Experience highlights:

Meeting and Q&A with Andreea Esca

Inspiring workshops and in person “Ask Me Anything” Q&A with top psychologists

Exclusive astrology group sessions

Private yoga sessions

Amazing dining experience beautifully choreographed by a Michelin Star Chef

AList curated shore excursions and events

On board special AList experiences and gifting

Fun, themed Alist party nights

Spending time and sharing ideas with the AList Team

Drinks Package

Unlimited consumption of soft drinks at the dispenser or bottled; bottled juices and water; coffee and tea specialties; beer, spirits, liqueurs, classic cocktails, wines by the glass. The cost of each individual drink included in this package cannot exceed 10 USD. An additional 15% discount is offered on any bottle of wine purchased. The drinks package does not include the products from the minibar. If you want to purchase a more expensive drink, you will only pay the difference in cost compared to the value included in the classic drinks package. There is also the possibility of upgrading the drinks package to the Premium one, for a fee, the supplement being 24 USD / person / day - in this case, all passengers in the cabin must opt for this upgrade.

WiFi Internet Package

It offers guests the possibility to surf the internet, send e-mails and send text messages on messaging services. They can stay connected through basic Wi-Fi functions, but they won't be able to stream video, send or receive photos, or use technologies like FaceTime or Skype.
